

CAMILLE LACOMBE

PARTICIPATORY PROJECT MANAGER
PHD- ACTION RESEARCH & CO-DESIGN METHODS

PROFILE

My profile combines participatory research experiences with project management and group facilitation competences and knowledge. After 2 years as the head of project for the citizen participation at a local NGO for ecological transition in Esch-sur-Alzette, I am willing to come back to the scientific world to develop participatory research projects, in line with my PhD training and experiences at INRAE in France.

WORK EXPERIENCE

Transition Minett asbl

2022 - PRESENT

Esch-sur-Alzette, Luxembourg.

Project manager for citizens participation in the Minett territory

- Mobilize local citizens for ecological and social transition

EXPERTISE

- Co-design and Design theories
- Participatory Action Research
- Ecological Transition / Agroecology
- Facilitation stances and methods
- Collective governance and group dynamics

LANGUAGES

French: native

English: fluent

Spanish: fluent

German: notions

SKILLS

- Facilitation tools and methodologies
- Project management
- Qualitative research methods
- Participatory research methods
- Communication to a variety of public
- Scientific publications

HOBBIES

- Gardening
- Connecting with and volunteering for local initiatives
- Diverse artistic and relaxing activities

EDUCATION

- **PhD - Agroecology and Management sciences** 2018
Institut National Poly-technique of Toulouse, France.

Title: A pragmatist approach to support agroecological transition: action research with a farmers and advisers association in the Roquefort area.

- **Agricultural Engineer (Master Equivalent)** 2013
Ecole Supérieure d'Agriculture, Angers, France.

Area of Specialization: Agroecology, Environment, Multi-actor and territorial approaches

- **Baccalauréat (A-level equivalent)** 2008
Lycée Martin Luther King, Bussy St Georges, France.

Area of Specialization: Sciences, Biology.
